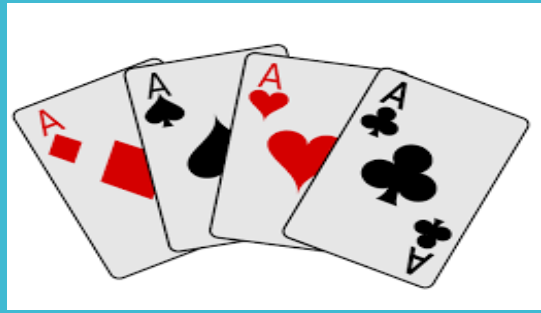
Accounting Has Game!

Veronica Paz, Indiana University of Pennsylvania

Christina Olear, Penn State University

Timothy Creel, Lipscomb University

Agenda



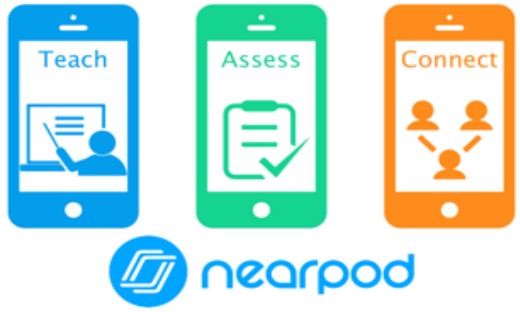
- Why use tools in classes?
- Overview of tools
- **GoSoapbox** demo
- **Flipgrid** demo

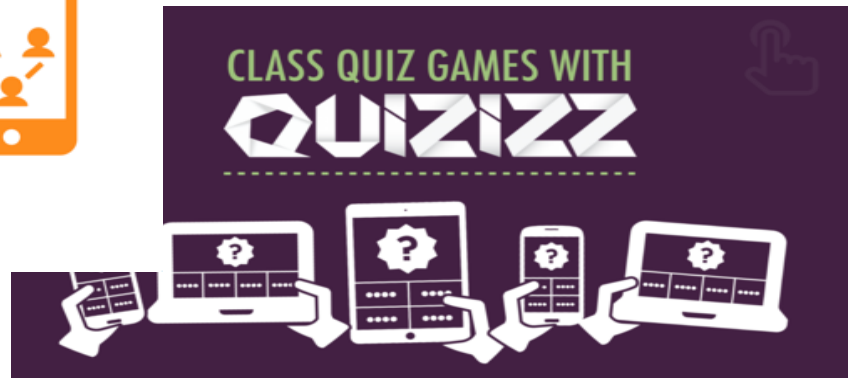
Why use tools in classes?

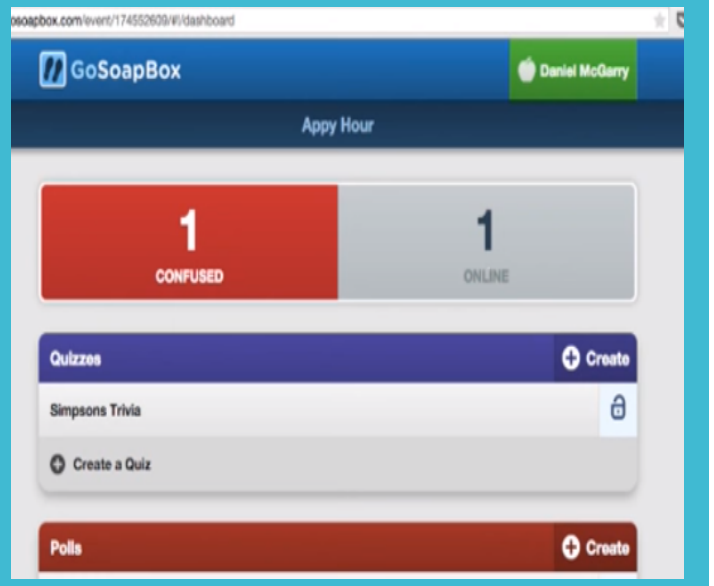
- Promotes **active learning**
- Gives **shy students a "voice"**
- **Gauges comprehension**
- **<u>Increases</u> academic performance**
- **Creates reports**
- **<u>Increases</u> student motivation** and satisfaction

Overview of tools

- GoSoapbox
- Flipgrid
- Nearpod
- Quizizz
- Socrative







Confusion Barometer

GoSoapBox

- **Polling, quizzes,** and **discussions**
- Confusion Barometer
- Social Q&A

Free Faculty account – up to 30 students

Anonymous student participation

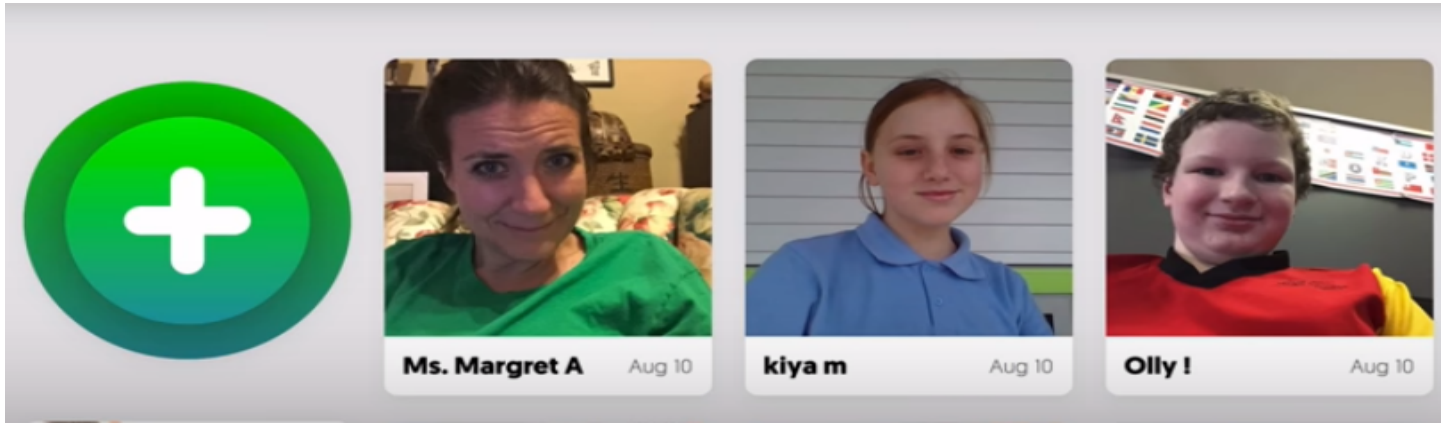
Social Q&A

One of the **best features** of this tool! Students post a question during class.

- Great for **online courses.**
- **Free** for faculty and students
- Ability to **track student performance**

Flipgrid

- **Videos** based platform
- Faculty create videos & students respond via video creation
- **Similar to social media** – can add emojis.



Great for **gauging student understanding**

Basic edition **Free** for faculty and students

Reports – download to **Excel**

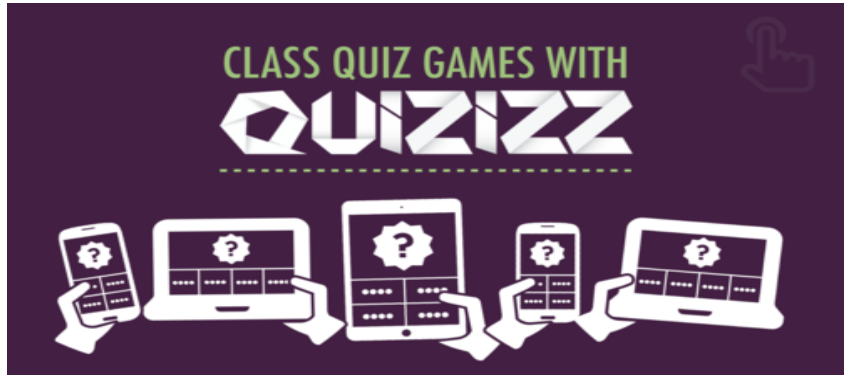
Turn your **existing slides** into an **interactive** presentations.

- Synch to student devices
- **Draw-It's** – student answer **question by drawing** or typing – only appears on professor screen
- Add **quizzes, polls, draw-its, open ended questions**, and **websites.**

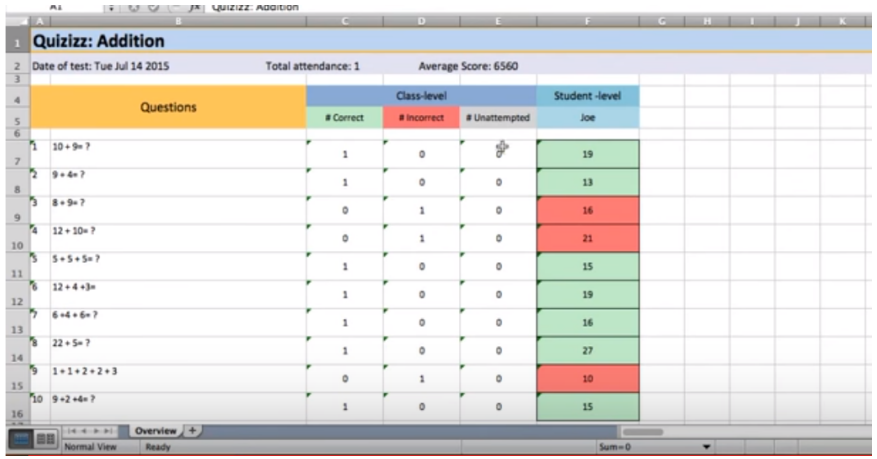
Student paced quizzes

Free for faculty and students

Reports @ class level and **student level**



Similar to Kahoot, you can also **assign a quiz for homework.**



Quizizz: Addition

Date of test: Tue Jul 14 2015 | Total attendance: 1 | Average Score: 6560

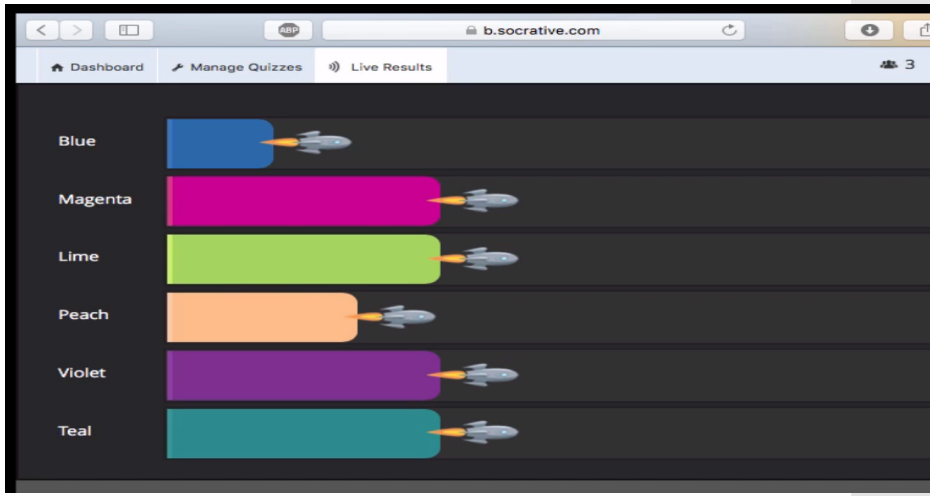
	Questions	Class-level # Correct	Class-level # Incorrect	Class-level # Unattempted	Student -level Joe
1	10 + 9= ?	1	0	0	19
2	9 + 4= ?	1	0	0	13
3	8 + 9= ?	0	1	0	16
4	12 + 10= ?	0	1	0	21
5	5 + 5 + 5= ?	1	0	0	15
6	12 + 4 +3=	1	0	0	19
7	6 +4 + 6= ?	1	0	0	16
8	22 + 5= ?	1	0	0	27
9	1 + 1 + 2 + 2 + 3	0	1	0	10
10	9 +2 +4= ?	1	0	0	15

Add **pictures** and **memes** to show after student responses.

socrative

Free for up to 50 students in class

- Great for **team quizzes** & **"exit" quizzes**.
- You can **import** already created quizzes
- **Anonymous** student participation



Space Race Leaderboard

"space race" – groups of students take quizzes. **Team competition** energizes the class.
